Figure 3 is a flowchart illustrating a process for purchasing metals. The process begins with a 'Start' block in the 'Purchase Organization' column. It then moves to block 101, 'Input of Data Indicating Basic Monthly Monetary Amount and Changes in Bank Account', which interacts with a 'Client Data Base' (26). Block 102, 'Preparation of Magnetic Tape for Request of Bank Account Transfers', leads to block 103, 'Receipt of Magnetic Tape for Request of Bank Account Transfers', in the 'Financial Institution' column. This is followed by block 104, 'Transfer of Funds from Client's Account by Bank', and block 105, 'Receipt of Funds Transferred from Bank'. Block 106, 'Preparation of Payment Magnetic Tape Reflecting Results of Transfer or Results of Nonpayment', leads to block 107, 'Receipt of Payment Magnetic Tape Reflecting Results of Transfer or Results of Nonpayment', in the 'Purchase Organization' column. Block 108, 'Processing of Payment Information for Basic Monthly Monetary Amount Each Month, Output of Advisory Notice of Inability to Make Withdrawal', interacts with the 'Client Data Base' (26) and leads to block 109, 'Receipt of Advisory Notice of Inability to Make Withdrawal', via 'Mail or Email'. Block 110, 'Bank Payment of Unpaid Monetary Amount', leads to block 111, 'Payment Processing of Unpaid Monetary Amount Paid in by Client', which also interacts with the 'Client Data Base' (26). Block 112, 'Payment by Financial Institution of Purchasing Price Increased in Monthly Units', leads to block 113, 'Payment Processing of Monetary Amount Increased in Monthly Units', which also interacts with the 'Client Data Base' (26). Block 114, 'Purchasing at Monetary Amount Obtained by Dividing Total of Basic Monthly Monetary Amount, Payment of Unpaid Amount and/or Monetary Amount of Increase in Monthly Units by Number of Days', leads to block 115, 'Purchased Metals Placed in Protective Custody', and finally to an 'End' block.
